

GRUPO
SOLQUIM

Grupo Solquim

Since 1970, Grupo Solquim has been in the business of selling and distributing chemical products and is currently one of the most highly regarded polymer and solvent distributors in the country. As an authorized distributor of Pemex and other companies, Grupo Solquim offers a wide variety of products and serves both national and international clients. Vertically integrated with our own packing and storage facilities, as well as an integrated transportation and distribution fleet, we have the necessary infrastructure to best serve our customers.

Polymer Division

We offer a wide range of polyethylenes, polypropylenes, additives and specialties for a variety of applications.

Grupo Solquim started the polymers division in 1991 and is currently one of the most important players of the domestic plastics market. We have a wide range of national and imported resins suitable for a variety of applications.

Thanks to the infrastructure provided by our facilities and distribution fleet, we are able to make deliveries almost anywhere, in bags or bulk.

Polyethylenes

As an authorized distributor of Pemex and imported polyethylenes, we offer an extensive catalogue of resins.

Our product line includes high and low density as well as linear polyethylenes, which satisfy broad range of industrial applications.

Our polyethylene catalogue includes the following materials:

HIGH DENSITY POLYETHYLENE

Reference	Melt Index (g/10min)	Density (g/cm3)
PADMEX 56035	0.35	0.9560
PADMEX 65050	5.0	0.9665
PADMEX 65080	8.00	0.9665
PADMEX 60120 U	19.0	0.9600

LOW DENSITY POLYETHYLENES

Reference	Melt Index (g/10min)	Density (g/cm3)
PX 20020P	2.0	0.9200
PX 20020X	2.0	0.9205
PX 22004	0.4	0.9220

LINEAR LOW DENSITY POLYETHYLENES

Reference	Melt Index (g/10min)	Density (g/cm3)
BDL 92020 C	2.0	0.9214
BDL 92010 C	1.0	0.9214
BDL 92020 S	2.0	0.9180
BDL 92010 S	1.0	0.9180
BDL 36050	5.0	0.9365

Polypropylenes

Our product portfolio also includes a wide range of imported polypropylenes, which aim to serve industry's needs for injection, extrusion and blowing process resins. We also offer polypropylenes for manufacturing products such as packaging, raffia and household articles, among others.

Our catalogue includes:

- HOMOPOLYMERS
- IMPACT COPOLYMERS
- RANDOM COPOLYMERS

Plants

We operate a bagging facility with a capacity in excess of 10,000 metric tons per month as well as warehouses for maintaining large enough inventories to ensure immediate availability for just about every product we carry.

We also have our own drumming facility for solvents, and have the capacity to offer our products in just about any size of container, from small bottles to 55-gallon drums. We have two storage plants with capacity of more than one million liters. Our infrastructure allows us to make 24-hour deliveries to just about anywhere in Mexico.

Using our own electronic scales to weigh our transportation equipment, we offer reliable and accurate deliveries.

INTERNATIONAL TRADE

At Grupo Solquim, we have the capacity and logistics to work with and serve international markets, and our highly qualified team guarantees professional and reliable handling of both imports and exports. We have the experience and knowledge to do business in any part of the world.

Transportation Services

Our fleet includes trucks, trailers and hopper trailers as well as dry vans to provide reliable domestic and international service. This part of our infrastructure enables us to provide a fully integrated distribution and logistics platform, which results in a very professional and trust worthy service.

our logistics department is run by a highly specialized team with several years of experience in the coordination, transportation and distribution of our materials.

Added reliability is provided through the use of GPS systems on most of our fleet. We deliver real-time data and excellent dependability which result in a very professional and trust worthy service.

Quality and commitment

Grupo Solquim has earned its reputation through 40 years of extraordinary service and the unbeatable quality of our products. That's why thousands of clients trust us as their preferred supplier for polymers or solvents. As one of the most important distributors in our market, we pledge the highest level of commitment and service to our clients.
